## The Making of Milana

Designed in Copenhagen, July 2019

Milana was designed to create a timeless pullover made of the finest Italian mohair for anyone and everyone. It took six months to develop the right knit composition and adjustments for the perfect fit. Finally, Milana was ready to be rolled out in Scandinavian retail stores.

Our iconic Milana mohair knit is made of 78% mohair, 18% polyamide and 4% wool. The fit is oversized and the knitting has the popular hand-knitted look that makes it both stylish and comfortable.

## An All-Time Classic

The pullover never goes out of style. Our idea was to create an all-time classic that would fit everyone's wardrobe and be worn almost all year round.

With its loose, knit fit, "The Pullover" is a popular garment from winter to summer.

The design has been made to fit every kind of woman of all ages.

As seen all over the world from Norway to Japan, "The Pullover" has marked Americandreams' identity and is available in boutiques and stores from physical to online.

## Mohair Info & Care

### The Yarn

Our mohair products are mostly made of 78% mohair with different styles made of long, alpaca and kid mohair. Long mohair will shed at first, but after wear and washing, it will stop. Wash in cold water according to washing instructions. Mohair products become more beautiful with time.

### Garment Care

To take the best care of your mohair knit for years to come, we recommend following the washing instructions on the garment's label.

Hand wash

Dry flat

Do not  
tumble dry

Do not iron

Steaming  
not allowed
